

BOARD OF PUBLIC UTILITIES, CITY OF MCPHERSON, KANSAS
Electric Schedule

LRS-12: Light Rental Service

Sheet 1 of 1

Availability:

Available in the general service area served by the McPherson BPU electric utility and in accordance with the Board's Terms and Conditions or Billing Practices for providing electric service.

Application:

Limited to those locations where single phase primary service has been constructed and is deemed economically feasible to serve.

Character of Service:

For electric service, fixture, and maintenance, as requested by the customer, for the unit prices listed below.

Monthly Charges:

100 Watt HPS Fixture.....	\$4.50 per month
250 Watt HPS Flood Light Fixture	\$7.40 per month
100 Watt HPS Fixture and Energy (McPherson BPU side of meter)	\$6.30 per month
250 Watt HPS Fixture and Energy (McPherson BPU side of meter)	\$11.90 per month
Pole and Conductor, if special setting is required.....	\$5.90 each per month
Transformer setting, if special setting is required	\$5.80 per month
Conductor (each span)	\$1.00 per month

The above prices include all installations and maintenance, material and labor, and energy if specified.

To receive Light Rental Service, the customer shall agree to a twelve (12) month contract for installation. This contract will be automatically renewable on a month-to-month basis after the initial contract period has expired.

Notes:

Effective February 1, 2012, electric service Schedule LRS-11 shall be replaced by LRS-12. Customers billed from LRS-11 before February 1, 2012, shall then be billed from Schedule LRS-12 moving forward.

Issued January 23, 2012

Effective February 1, 2012

Paul Z. Anderson, Chairman McPherson BPU
